

# TOP 50

## MOST GENEROUS WORKPLACES

### 2016

Each of these workplaces strive to create a culture of caring that includes supporting a company-wide annual workplace campaign enabling employees to donate through simple payroll deductions.

These workplace campaigns require an investment of time and resources by the leadership of these organizations to plan and organize information sessions and special-themed events—all done in the spirit of working together to make a difference.

In addition to financial investments, many of these workplaces encourage staff to volunteer on a regular basis.

### Sarasota Area

- |   |                                       |   |
